C. Narayanaswamy Naidu, Esqr, B A , B L ,

Sir,

Subject:- Revision of the scale of certain establishments at Closepet Town Municipality.

I have the honour to state that the Closepet Town Municipal Council have proposed the revision of the scales of certain establishments in the Municipality in the interest of efficient supervision of the collection of Octroi and Toll and improving the Sanitation and Public Health of the Town The proposition statement together with a copy of resolution of the Municipal Council dated 13th May 1944 duly approving of the proposal is enclosed for favour of reference It is seen that the total annual recurring expenditure as per proposal would be Rs 1,446/- as detailed in the margin This includes provision for the appointment of a second Clerk in the grade Rs 20-1-25 per mensem as a permanent measure The President reports that the revision of the scales of the menial staff is very necessary to give encouragement for work The increase in the number of population and the length of streets to be cleaned in the Town has resulted in the increase of the number of Sweepers It is further reported that the financial position of the Municipality is improving and that extra cost resulting from the

Office establishment	Rs	294	per year
Octroi do		24	do
Toll do		108	do
Conservancy & Sanitation		1020	do
Total		1446	

the above revision of the scale would not be a burden on the resources of the Municipality The present cost towards the establishment is Rs 2,904/- and the proposed cost would be Rs 4,350/- per year

2) The financial position of the Municipality as per sanctioned budget for the year 1944-45 is as follows:-

Opening balance	Rs	2,341
Receipts		26,972
T o t a l		29,313
Payments		28,870
Closing Balance		443

As regards the increased provision under conservancy and Sanitation E(2) an allotment of Rs 3 276/- had been made by the Municipal Council in the draft budget Estimates for 1944-45 which included the new appointment of a Sanitary Supervisor (Rs. 15/) 3 male Sweepers on Rs 10/- and 5 Female Sweepers on Rs 8/- each per month This provision has been reduced to Rs 2,256/- in the sanctioned Budget by Government with the observation that no increased cost can be allowed in view of the slender resources of the Municipality and that if it is very essential, one or two additional Sweepers may be entertained Now the Municipal Council requests for the sanction of the deleted portion of this expenditute for the reasons mentioned in para 1 above

3) I am not in favour of allowing heavy increase of expenditure under establishment in view of the poor finances of the Municipality as evidenced by the budget for the year 1944-45 Still as the Municipal Council and its President represent that the present staff is quite inadequate for attending to the work relating to Sanitation satisfactorily in view of the increased pppulation and the length of streets, sanction of Government may be obtained to the appointment of the marginally noted additional Staff under Conservancy and Sanitation purely as a temporary measure for one year The question of its

continuance or otherwise may be dealt with after the said period is over The ot er propositions under Office Establishment, Toll and Octroi Establishments may be retained If these modifications are accepted by Government the nett increase of expenditure would be Rs 918/- per year as against Rs 1,446/- proposed by the Municipal Council ' The details are noted below:-

Municipal Office Establishment	Rs	294
Octroi.		24
Toll		108
Conservancy		492
T o t a l		918 per year

I request that orders of Government may be kindly obtained on the above proposals of the Municipality The connected records accompany for favour of reference
